Program Overview:

The Project Management Specialist Professional program provides students the basic competencies involved in project management and oversight including areas such as effective time management, managing multiple projects simultaneously, scope and estimation of project undertaking and preparing a project plan alongside project risk and cost analysis. The program includes training and exam preparation for students to become a Certified Associate in Project Management (CAPM®) as designated by the Project Management Institute. The CAPM is a valuable entry-level certification for project practitioners designed for those with little or no project experience. The CAPM credential demonstrates an understanding of the fundamental knowledge, terminology and processes of effective project management.

Certification/Licensure Eligibility upon Program Completion:

- Students should have or be pursuing a high school diploma or GED.
 - There are no state approval and/or state requirements associated with this program.
 - There are several National Certification exams that are available to students who successfully complete this program:
 - Project Management Institute (PMI) Certified Associate in Project Management (CAPM®) Exam
- o NOTE: PMI requires candidates for the CAPM Exam to meet additional eligibility requirements:
- Secondary degree (high school diploma, associate's degree or equivalent) plus 1,500 hours of project experience, OR
 - 23 hours of project management education completed by the time you sit for the exam
 - Microsoft Office Specialist (MOS) Certification Exam.
